Edward Strain, III  
Morgan Wheeler

**Members Absent:**

Steve Cash

At 8:13 a.m., Chairperson Thayer established that a quorum was present and called the meeting to order.

Randall Vaughn, Division Director, thanked the Board for all that they do. Mr. Vaughn stated that 17,248 licenses were mailed out to applicants who have been previously approved for licensure. A press release was posted on the Secretary of State website on May 6, 2008 giving a breakdown of the number of approved applicants per license type.

Mr. Vaughn presented licenses to the following board members: Philip Thayer, Bob Barnard, Allen Richardson, Roger Huggins, Hoppy Hopkins, Tommy Holder, Timothy Ansley, Mark Herbert and David Cyr.

A motion was made by Bob Barnard, seconded by Mark Herbert, and the Board voted unanimously to accept the April 2, 2008 full Board meeting minutes.

A motion was made by Bob Barnard, seconded by Mark Herbert, and the Residential Division voted unanimously to accept the April 16, 2008 Residential Division meeting minutes.

A motion was made by Bob Barnard, seconded by Mark Herbert, and the Residential Division voted unanimously to accept the April 17, 2008 Residential Division meeting minutes.

Scarlett Elliott, Board Attorney, delivered the Attorney General's Report.

Ms. Elliott stated that an applicant who was denied for lying on his application about prior discipline by another board and for felony convictions requested a hearing, and the administrative law judge upheld the board's denial. The board filed a motion for summary determination which was granted by the judge the day before the scheduled hearing.

Tanja Battle delivered the Executive Director's Report.

Ms. Battle stated that she received a letter from Habitat for Humanity wanting to know whether or not the type of work that they do would require a license. Their work is strictly volunteer and they do not get compensated. Ms. Battle expressed her understanding is that Habitat for Humanity would need to be licensed and if the Board had any additional information she would correspond this. Board members agreed that they should be licensed.

Ms. Battle received a letter stating that our office communicated that testing through Laser Grade would be accepted by the Board. Ms. Battle asked the Board if they ever discussed testing through Laser Grade. The Board responded that it had not. Ms. Battle advised that she replied to the correspondence indicating that PSI was the vendor.

Ms. Battle responded to a letter regarding reciprocity. She responded by stating that the Board has enough on its plate at this time. The Board is dealing with exam exemption, requests for appearances and the general contractor entry tier. The Board feels that it is in the best interest to handle the other issues first before dealing with reciprocity.

Ms. Battle discussed the Authorized Agent Permit Form. She stated that the form is not something that the Board is required to put out. However, Penelope Round, Atlanta Home Builders, uses the form as a tool. Bob Barnard asked if there was a reason why this could not be an official form. He stated that if the form meets all requirements, then it could be the Board's recommendation that this is the official form to use.

Bob Barnard made a motion to have the Authorized Agent Permit Form be the official form for permitting offices to use.

Morgan Wheeler stated that the Board needs to further clarify the form.

The motion was withdrawn by Bob Barnard.

Dan Cash asked if there could be a list online of all authorized permit agents. Roger Huggins responded by stating that the Secretary of State's office could control the list. Chairperson Thayer stated that he would like to see a list put on the website, but does not see that happening immediately.

Penelope Round, Atlanta Home Builders, stated that she has been talking with the building officials and they all just want something to guide them.

Discussion ensued.

The issue of inactive status for licensure was discussed. Ms. Battle stated that the Board does have the option to have an inactive status. Scarlett Elliott stated that the Professional Licensing Board rules would need to be amended to add this board to the list for inactive status licenses. Ms. Battle stated that the Board needs to think about what conditions an inactive license would have and what the goal of having it is. Additionally, they would need to determine what would be required to reinstate the license.

Bob Barnard responded by saying that the fact that a person is not working would be a reason. Chairperson Thayer stated that insurance would not be needed, but the licensee would need to maintain their CE (Continuing Education). Tommy Holder stated that if the person has been inactive for a certain period of time, then they should be required to take the examination in order for their license to be active. David Cyr asked if the person applied by examination exemption, would he or she be required to sit for the examination. Chairperson Thayer stated that if the person is maintaining their CE, then they should not have to take the examination.

Tommy Holder asked Chairperson Thayer if a subcommittee could be established to handle inactive status.

A motion was made by Morgan Wheeler, seconded by Tommy Holder, and the Board voted unanimously to form a subcommittee to handle inactive status. Allen Richardson, Bob Barnard, Morgan Wheeler will be on this new committee, with Edward Strain as the Chairperson.

Committee Reports were discussed.

Roger Huggins, Specialty Contractor Committee, discussed adding Industrial Process Equipment and Piping to the Specialty Contractors list posted on the Secretary of State website. Mr. Huggins stated that he felt this would be acceptable to add to the website.

The Specialty Contractor Committee discussed a letter received in the Board office asking the Board to consider “any pre-engineered, prefabricated building excluding single and multi-family housing”. The letter goes on to state that single and multi-family housing is already governed by DCA, HUD, and the Residential Contractor law, and should not be part of the Specialty/Limited exception. The letter asks to please add Office and Restroom Trailers to the list of Limited Specialty Contractors.

Discussion ensued.

Roger Huggins stated that office trailers would need to be added to the list. Roger Huggins stated he would get more information on this and send it to Tanja Battle.

A motion was made by Roger Huggins, seconded by Hoppy Hopkins, and the Board voted unanimously to add “Industrial Process Equipment and Piping” to the Specialty Contractors listing located on the Secretary of State website.

The Building Official Notification/Pre-Licensing Affidavit Committee had nothing to report at this time.

Written Warranty Committee Chairman, Philip Thayer, stated that changes to Rule 553-7-.01 Written Warranty would be provided after the 1:00 hearing. Once the rule is approved, the Board will need to vote to post the rule. Once the rule is approved to post, the draft rule will need to be sent to the Attorney General's office. The whole process takes about 60 days.

The Reciprocity Committee had nothing to report at this time.

The General Contractor Tier Committee had nothing to report at this time.

A motion was made by Allen Richardson, seconded by Edward Strain, and the Board members present: Philip Thayer, Hoppy Hopkins, Timothy Ansley, Bob Barnard, Dan Cash, David Cyr, Mark Herbert, Tommy Holder, Roger Huggins, Allen Richardson, Edward Strain and Morgan Wheeler, voted unanimously to enter into Executive Session for applicant appearances and application discussion.

The divisions separated and appearances and discussions for each division ensued.

At this point in the meeting, the two divisions reconvened.

Open Session was declared by Chairperson Thayer.

Chairperson Thayer called the hearing on adoption of Rules 553-4-.05 and 553-4-.06 to order at 1:05 p.m.

Chairperson Thayer called for public comments, written and oral, on proposed Rule 553-4-.05 and Rule 553-4-.06.

It was noted that no comments, either written or oral, had been received from the public on either rule.

Chairperson Thayer asked for a motion from the General Division regarding adoption of Rule 553-4-.05 Licensure Requirements for an Individual to Practice as a General Contractor in the Individual's Own Name or Doing Business as an Individual in a Trade Name or as a Sole Proprietorship – General Contractor Limited Tier.

Tommy Holder made the motion, Roger Huggins seconded, and the Board voted unanimously to adopt the rule.

Chairperson Thayer asked for a motion from the General Division regarding adoption of Rule 553-4-.06 Licensure Requirements for an Individual Acting as a Qualifying Agent for a Business Organization Seeking to Engage in the Profession of General Contracting in the Name of the Business Organization – General Contractor Limited Tier.

Morgan Wheeler made the motion, Roger Huggins seconded, and the Board voted unanimously to adopt the rule.

The hearing was concluded and the Board meeting was called back to order at 1:10 p.m.

Chairperson Thayer called for a motion from the Residential Division to post the proposed revisions to Rule 553-7-.01 Written Warranty.

A motion was made by Melissa Henderson, seconded by Mark Herbert, and the Board voted unanimously to post the proposed revisions.

Roger Huggins stated that he wanted to discuss the Qualifying Agent Affidavit. Can the applicants applying truly say that they have complete control over that business organization? Mr. Huggins asked the Board if staff can send a notice to these applicants making them aware of what they are signing. Mark Herbert agreed. Mr. Huggins stated that by signing the affidavit the applicant is stating that he/she has complete control of the business organization for which they are applying qualifying agent for.

Tanja Battle stated at a previous meeting, the Residential Division gave staff authority to approve the Prior Approval applications. Does the Residential Division want to rescind this?

Bob Barnard stated that the signed affidavit will stand in a court of law and if the applicant has falsified that document, then technically it is a violation.

Mr. Huggins stated that he is reviewing some Prior Approval applications now where he is suspecting that the applicant does not have complete control over the business organization. He asked Chairperson Thayer if the Board could establish a committee to handle this issue. Timothy Ansley, Tommy Holder and Allen Richardson volunteered to serve on the committee, with Mr. Huggins as the Chairperson.

Chairperson Thayer asked Mr. Huggins to possibly look at how other states are handling this issue.

Mr. Huggins asked if the Board can define by rule that the applicant has to have full financial control of the business organization. Chairperson Thayer stated that if staff sees something that they are concerned with, then it needs to be brought to a board member for review. Ms. Battle stated that the Residential Division will need to rescind their motion from a previous meeting giving staff authority to approve the Prior Approval applications. Chairperson Thayer stated that when the Residential Division meets for their next meeting, the board members can review some of the Prior Approval applications.

A motion was made by Bob Barnard, seconded by Tommy Holder, and the Board voted unanimously to form a subcommittee to look at the qualifying agent affidavit language in an effort to clarify the role of a qualifying agent. Tommy Holder, Allen Richardson and Timothy Ansley will be on this new committee, with Roger Huggins as the Chairperson.

A motion was made by Bob Barnard, seconded by Mark Herbert, and the Board voted unanimously to close the following complaints:
